

## **Motorola Portable Power P790**

Mobile business professionals, multimedia gurus and chronic conversationalists can now fully utilize their mobile phones and Bluetooth® headsets – without the worry of a dead battery! The compact, attractive and wire-free Motorola Portable Power P790 provides a mobile power source for handsets and headsets with low or dead batteries, allowing users to enjoy extra talk times and multimedia and productivity features. So petite it fits in your purse or pocket, the pre-charged P790 plugs into the mini-USB port on your Motorola phone or Bluetooth headset for instant power – no wall outlets, no wires! Instead of fumbling around with changing batteries, untangling messy wires or hunting down a landline while missing a call, the P790 not only provides one to two full battery charges for your handset but more than 10 full Bluetooth headset charges. The P790 is the perfect solution for discreet charging while on-the-move.
