

Motorola S705 SoundPilot™ Bluetooth® Stereo Controller for Wired Headphones

Experience mobile music to the max. Motorola's first Class 1 Bluetooth® stereo headset on the market, the Motorola S705 SoundPilot Bluetooth® Stereo Controller for Wired Headphones delivers wireless connections for on-the-move, entertainment-savvy consumers who demand premium functionality for both voice and music. Offering entertainment and communication in perfect harmony, the S705 SoundPilot simultaneously connects to your compatible Bluetooth-enabled phone while streaming music from a separate music source, allowing you to listen to and wirelessly control your favorite tunes without the worry of missing a call. With superior sound, power and an ultra-cool design with soft touch finish, the Motorola S705 SoundPilot is light in weight but heavy in style and functionality—take control, never miss a beat or a call.

Don't Worry, Keep Dancing

Now you can groove from place to place without missing a call--the Motorola S705 SoundPilot provides wireless connections to your Bluetooth-enabled phone while staying simultaneously connected to your music. With automatic alerts to incoming calls, the S705 SoundPilot allows you to switch effortlessly between your music and your phone via integrated controls and microphone. Equipped with extensive range from Class 1 Bluetooth technology, the Motorola S705 SoundPilot provides wire-free connections up to 330 feet away from your compatible phone.

There's No Stopping You

Complete with a built-in FM radio, the Motorola S705 SoundPilot provides you with an endless selection of music, creating an all-in-one wireless music experience. Featuring integrated controls and support for various music devices, you can move to whatever beat you desire without the worry of running out of songs or stopping to turn up the volume. Optimized for the ultimate in endless music entertainment, the S705 SoundPilot lets you enjoy your favorite music for up to approximately 8 hours of listening, 7 hours of talk or 75 hours of standby time from a single charge!*

In Tune With You

The S705 SoundPilot package includes Motorola S200 hi-fi stereo headphones, but you are free to listen how you want because Motorola gives you what *you* want. Tuned in to you and your mobile music needs, the Motorola S705 SoundPilot allows you to use your favorite pair of standard headphones to listen to music streaming from your phone, PC, iPod or home stereo system—all without keeping you glued to your music source. The S705 comes with an adjustable lanyard as well as a removable clip in order to provide you with the option of wearing the device around your neck, or as a pendant clipped to your shirt.
